

Maintenance Pack 4.0 Release Notes

Maintenance Pack Release 4.0 for Expense Track 17.2 is available on 9/18/2017 and includes the following fixes:

Resolved Defects

The following defects have been corrected:

- Stopped the system from looking at the created user ID when assigning expense transactions to open expense drafts. The system will now look at the delegate user ID to avoid adding multiple users to one expense draft.
- Updated the Card Management page to display only current credit card numbers that are associated to the users' card tokens.

For more information on the items listed, contact your Comdata representative.
