DRIVEN FOR COMDATA® MOBILE APP

Card Management at Drivers' Fingertips

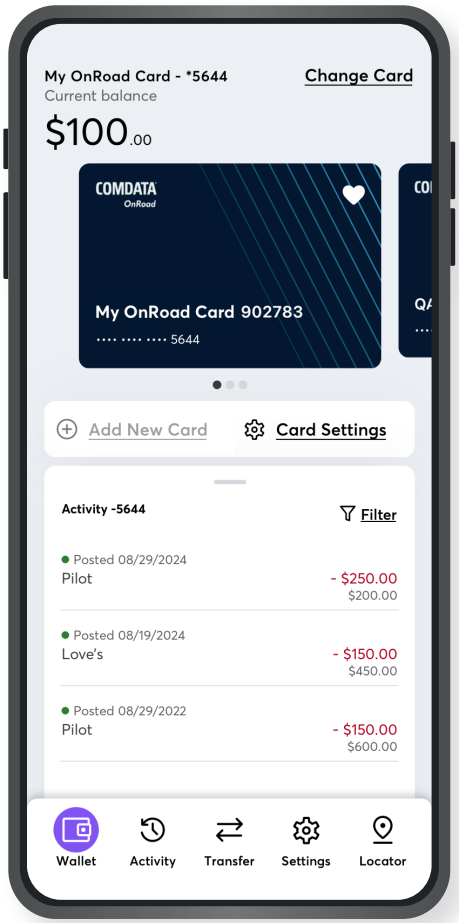

The OnRoad card is a dual-sided card that empowers drivers to use payroll and settlement funds just as they might use a bank debit card, ensuring anytime, anywhere access to funds.

Managing funds, Express Codes, transactions, finding convenient fuel locations and much more is made simple with the DRIVEN FOR COMDATA® app.

GETTING STARTED

First-time users will need to Sign Up and add your card to your wallet by entering your card number, employee/driver #, card security code, expiration date and following the subsequent steps.

Note that a new optional self-CIP process lets drivers input their own personal information for setup directly, eliminating a step and enhancing security. Just follow the directions in the registration process.

CHECK YOUR BALANCE

Select a card from the Wallet screen to check card balances. The balance will be displayed in the upper left corner of the screen.

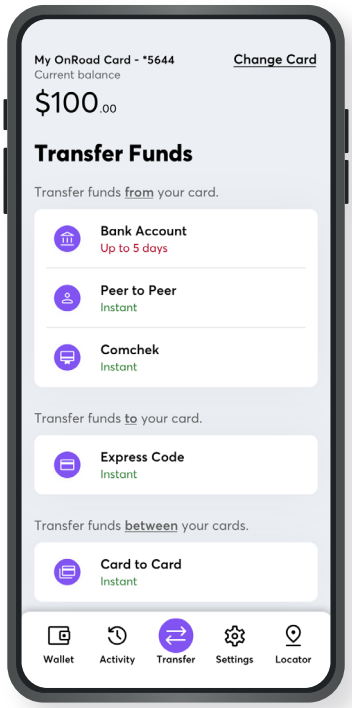

To check your Express Code Balance, tap the "Transfer" button at the bottom of the screen and tap "Express Code."

RECENT ACTIVITY

Select a card and click "Activity" to scroll through transactions on the selected card. Any received funds to your card will be shown here.

The Comdata OnRoad Mastercard is issued by Fifth Third Bank N.A or another financial institution, pursuant to a license by Mastercard® International Incorporated. Mastercard is a registered trademark of Mastercard® International Incorporated.

REGISTER A COMCHEK

Tap the "Transfer" button at the bottom of the app. Here you can register a Comchek draft issued by the same company that issued your OnRoad card in an amount up to your available balance, less any appropriate fees. You will need the draft number located at the top of the paper Comchek you are looking to register to complete the process. Simply tap the "Transfer" button at the bottom of the app, then follow the step-by-step instructions for the "Comchek" option.

TRANSFER FUNDS TO A PEER

Tap the "Transfer" button at the bottom of the app, then follow the step-by-step instructions for the "Peer-to-Peer" option to transfer funds to anyone registered to the DRIVEN FOR COMDATA® app with an OnRoad card.

NOTE: A user can only Peer to Peer money to another user if the other user has an OnRoad card in their wallet.

DRIVER-MANAGED EFFICIENCES

MORE SAVINGS

Fuel up at locations with the best discount deals, by searching using Site Locator. When drivers make informed choices, it maximizes savings for your company.

INCREASED PRODUCTIVITY

Increase fleet efficiency when drivers stop losing time searching for convenient fueling locations.
